

RAVI KUMAR MISHRA

Indore, Madhya Pradesh | +91-8516979467 | R8516979467@gmail.com

PROFESSIONAL SUMMARY

.NET Full Stack Developer with **3.6+ years of hands-on experience** in delivering enterprise-grade web and mobile applications. Strong expertise in **ASP.NET Core, MVC, Web API, C#, SQL Server** along with practical experience in **Angular** for building responsive and scalable front-end applications. Extensively worked on complex real-world projects involving **OCR, Face Recognition, Digital Signature, Attendance Systems, Real-time Dashboards, Payment Gateway Integration** and API security. Known for owning modules end-to-end, optimizing performance, and delivering high-quality solutions in MNC and government project environments.

TECHNICAL SKILLS

Languages	C#, SQL, JavaScript, HTML, CSS
Backend	ASP.NET Core, ASP.NET MVC, Web API, Web Forms, Razor Pages
Frontend	Angular (Components, Services, Routing, API Integration), Bootstrap, jQuery
Database	SQL Server, Entity Framework Core, ADO.NET
Tools	Visual Studio, Git, Postman, Swagger, SSMS
Concepts	REST APIs, JWT Authentication, Dependency Injection, OOP, Agile/Scrum

PROFESSIONAL EXPERIENCE

NET Developer | Oswal Computer & Consultants Pvt. Ltd., Indore

Aug 2024 – Present

- Designed, developed, and deployed scalable enterprise applications using ASP.NET Core, MVC, Web API, and SQL Server.
- Played a key role in **Angular-based front-end development**, creating reusable components, integrating REST APIs, and improving UI performance.
- Owned critical modules including **OCR processing, Face Attendance System, Digital Signature workflow, Voice Cloning, Background Location Tracking** and notification services.
- Implemented secure authentication and authorization using **JWT tokens and role-based access**.
- Optimized database performance by refactoring complex queries, stored procedures, and indexes.
- Actively interacted with clients, gathered requirements, fixed production issues, and delivered releases for large-scale government and enterprise projects.

Junior Software Developer | Inwizards Software Technology Pvt. Ltd., Indore

Jun 2022 – Jul 2024

- Developed multiple cross-platform mobile applications using **Xamarin.Forms** following MVVM architecture.
- Implemented REST API integration, Firebase push notifications, and local database handling.
- Worked extensively on ASP.NET MVC web applications for feature enhancement, bug fixing, and UI improvements.
- Built responsive and user-friendly interfaces using HTML, CSS, JavaScript, Bootstrap, and jQuery.
- Published and maintained production apps on Google Play Store and Apple App Store.
- Collaborated with senior developers and QA teams, contributing to timely delivery and quality assurance.

KEY PROJECTS

RetailerBuzz – B2B E-Commerce Platform

Designed complete mobile application UI, integrated backend APIs, payment gateway, and implemented automated push notifications for retailers and distributors.

Attendance Management System

Built a real-time attendance system using face recognition and GPS tracking with detailed reporting dashboards.

DCT System (Document Control & Tracking)

Developed document lifecycle management including upload/download, Excel parsing, dashboards, and audit tracking.

SPM – Number Plate Recognition System

Implemented automated vehicle number plate detection and validation with real-time camera integration.

EDUCATION

Bachelor of Computer Applications (BCA)

APS University, Rewa (M.P.) | 2015 – 2018

CERTIFICATION

Full Stack .NET Developer – Naresh IT, Hyderabad
